

Develop the skills, knowledge and expertise to become an efficient and effective project manager with our Project Manager Degree Apprenticeship. Study a Bachelor's degree in project management while you work with, no tuition fees.

The programme helps develop a wider appreciation of the skills and knowledge to confidently deliver projects in line with defined objectives, make real improvements to organisational processes and implement positive organisational change. It furthers understanding of project management process and develops key business skills to become an effective project leader, whilst gaining at least 2 years relevant work experience.

This programme is aligned to the APM Project Management Qualification, meaning upon successful completion of the apprenticeship an additional UK and internationally recognised award from the APM is gained as well as APM membership on completion.

Degree apprenticeships are fully funded by employers and the Government. They are also work-based so employees do not have to pay fees to improve their skills, whilst delivering impact in the workplace as they learn. Entry criteria applies.

Delivery & Assessment

At least 20% of contracted working hours are classed as 'off-the-job'. This time will be dedicated to developing the knowledge and skills needed to meet the requirements of the apprenticeship and is not part of your usual work duties. Off-the-job learning will be delivered through 16 face-to-face workshops per year, and practical learning experiences in your usual work setting. The face-to-face workshops for our Project Manager Degree Apprenticeship are delivered at corporate venues in Cambridge or Chelmsford.

Assessment is at the end of each module (on-programme assessments) which contribute to the final award of the qualification. End Point Assessment (EPA) is also undertaken to complete the apprenticeship. The EPA is independently assessed and takes place when all on-programme assessments have been successfully passed.

For full information and introduction to the team at ARU contact SEATS. We can support your business in comparing this apprenticeship to others and making the best choice for your business and employees' needs.
